

CZECH TELEVISION PRESENTS CRIME THRILLER

RABIES

Rabies (Vzteklina)

Six-part crime series is a story of revenge. Revenge which takes place many years later, carried out cruelly and mercilessly on those who, according to the murderer-avenger, are bound by guilt and responsible for the death of his dear ones. The story of "Rabies" starts in the vicinity of a village in the Bohemian Forest where infected animals show up. A virologist, Pavel Rogl, has the task of finding the cause and to oversee the vaccination process. On top of that, he has been asked to provide an expert analysis report for a team of detectives investigating a mysterious double murder in the nearby forests. The fact that the deadly frenzy is linked to the infection cannot be ruled out. Is the killer a human being or a large predator? More dead are discovered and gradually a dire secret emerges which hides horrifying facts regarding the village's post-war history.
